SELECT INDIVIDUAL DOCTOR SPECIALITY & COUNTRY

Getting an appointment with a doctor in their country of residence is not possible for many people. Of course, there is no possibility of having contact with all doctors (Doctors & Medical Specialists) Many people don't know how to approach a Doctor in an emergency. UTS (U TRUST US) has made it very easy for you to consult a (Predominantly Tamil speaking) doctor in that Country within minutes. You can contact a doctor at any time. The message you send will reach the UTS Help Desk and the Doctor via Email and Whatsapp.

Doctor Information			Registration Number : 101		Back
First Name and Last Name			Dr RMD Specialities		
Doctor Name	Dr RMD Specialities	Speciality	Dental Surgeon	About Doctor	
Education Qualification	MBBS, FCCP Palliative Care PGDFH	Experience	70+Experienced Doctors 160,000+ Happy Patients	Own Products	<p>Dr. Republica Sridhar is a Palliative Care Physician, Family Physician and General Physician in T Nagar, Chennai and has an experience of 21 years in these fields. Dr. Republica Sridhar practices at RMD Nursing Home in T Nagar, Chennai. She completed MBBS from Sri Ramachandra University, Chennai in 1993, FCCP - Pulmonary Medicine from College of Chest Physicians, India in 1998 and PGDFH from Flinders University, Adelaide, Australia in 2011. She is a member of Indian Medical Association (IMA). Some of the services provided by the doctor are: Herpes Infection Treatment, Chickenpox Treatment, Balance Exercises, Obsessive Compulsive Disorder (OCD) Treatment and Men and Women Wellness Screening.</p> <p>As a Doctor, I was very clear on one thing, we should do the best to make health accessible and affordable to all sectors of the society. Being a general practitioner and being used to see physicians come home. I started doing home care for elders or people who were bedridden and people who could not come. Doing that, I got one patient who was very elderly, who had donated all property to a temple. She landed up with advance cancer and she did not have anybody to look after her, as she did not have any children. People around the temple could not handle as she became bed bound and had advanced uterus cancer. She was my 1st patient.</p> <p>That time I did not realize that there was this specialty called Palliative Care. That is when one of my colleagues introduced me and said, this is a new specialty which is coming up and it is called Palliative Care and is a medical specialty which looks after patients who are beyond curative stage giving them the dignity and quality of life looking after them, mainly their pain and relieving the other symptoms and sufferings. So this was an eye opener and my General Practice which is in the Heart of the Chennai got evolved into Palliative Care. After I finished my palliative degree from Amrita Institute which was a certificate program and then on a PG from Flinders University, Australia.</p>
	<p>Care Service in 2016 Lions club of mid city - Appreciation Award in 2008 Need Trust - Need star award in the field of social service in 2010 Dignity foundation - Appreciation Award for loving care to terminally ill persons 2011 JCI - Femi power award in 2012. Inner wheel - outstanding women of the year award 2010 - 11. Dr. K. S. Sarjivi Award- Award for home care and elderly patients Care service in 2013. International Womens Day Award ◆Probus Award of Excellence◆ for the works done in the field of palliative care in 2014. District Rotract Bravo Award for elderly patients care service Women's appreciation award for palliative and hospice care service Spirit of Humanity Award 2013 in the Oncology Service Category Vasavi Ugadhi Puraskar Award for exemplary Contribution to Society & Humanity Rajiv Gandhi Excellence Award for outstanding Achievement Spirit of Humanity Award 2015 for contribution in the field of LIVELIHOOD Global Achievers Award 2015 for Talented Personalities for their Excellent Performance and Outstanding Contribution for the Progress of the Nation and International.</p>		70+Experienced Doctors 160,000+ Happy Patients	Own Products	<p>As a Doctor, I was very clear on one thing, we should do the best to make health accessible and affordable to all sectors of the society.
